

ZUFF – Portable Fire Protection for Everyday Risks

Category: Fire Safety / Home / Automotive / Outdoor

Format: Ultra-portable, single-use fire suppressor

The Opportunity

Most everyday fires start small — in kitchens, vehicles, workshops, and around modern electronics. Traditional extinguishers are often bulky, poorly located, or intimidating to use.

ZUFF brings simple, accessible fire suppression directly to the point of risk.

Why ZUFF Works for Retail

- ✓ Addresses multiple common fire risks with one SKU
- ✓ No maintenance — no servicing, refilling, or pressure checks
- ✓ Intuitive operation — no training required
- ✓ Compact size enables high attachment rates (home, car, outdoor)
- ✓ Suitable for mass retail and specialty channels

Consumer Benefits

Designed for modern
fire risks, including
lithium battery
incidents

Helps consumers
act quickly in
early-stage fire
situations

Easy to store
and easy to
use

Affordable alternative to
bulky traditional
extinguishers

Retail Fit

Home & kitchen

Automotive & mobility

DIY & trade

Outdoor & leisure

Workplace safety

ZUFF combines strong consumer relevance with simple retail execution.
